Village Street Dock

As we do at the beginning of each season, we are eagerly awaiting the arrival of the Village Street Dock. They are however, still perched in their winter resting spot on Devereux Beach.

We will be updating our website with periodic updates on the arrival of the dock.

Stramski's Pier

With the Stramski's pier now a go, it will not be long before we start to track this each spring also.

We are looking forward to it's arrival in the spring of 2011. We will do our best to keep the Mid Harbor Community abreast of the latest updates on the pier and it's construction.

Below are the links to the town's project website and misc. articles relating to the pier.

Let's get back out on the water!

Spring is here and we are back on the water, servicing moorings and getting ready for launch service. With May just around the corner, we look forward to opening day.

We are excited for the 2010 season and seeing everyone out on the water. Below are a few Mid Harbor updates and reminders:

For our Mooring customers, this is the time of year when we remind you to let us know your expected launch date. To insure that your mooring has been properly serviced, we ask that you let us know two weeks in advance of your arrival. We try to get the pennants on as close to your arrival as possible to minimize growth on them.

For our Launch customers, The full season launch sticker will be \$649 and cash ride prices will \$7.00 / \$4.00. We are still offering a \$100 discount off of the launch sticker for Mid Harbor Mooring customers. (see discount offer below)

Purchased by May 1st - \$549.00
Purchased by June 15th - \$599.00

*There is no further discount after June 15th.

We are accepting Visa, Mastercard and Discover credit card payments. Please call the office to pay by credit card.

We are continually working to improve our service to you. Word of mouth is our best advertising. We love it when we hear from new customers who were referred to us from someone in the Mid Harbor community.

As always, feel free to call us with any questions. We look forward to hearing from you. Until we do - break out the bottom paint and let's all enjoy the nice weather.

Important dates for Launch Service

[Town's link for project information](#)
