

After Hours Courtesy Dinghy

For many seasons our "after hours" dinghy has been a courtesy for our launch customers who purchase season launch stickers. While we are happy to provide this service as a way to increase access and the enjoyment of the short boating season, we have found that we need to make a few reminders in regards to the dinghy.

First, please return the dinghy and secure it properly to ring number 075 . It is the outermost ring on the Lead Mills side of the Village Street dock. DO NOT cleat it off anywhere in the tie up section of the dock. We have received several complaints about our dinghy being left in this section of the dock from the Harbormaster and boaters. This impedes the flow of traffic on the dock and is not a neighborly way of using the dock.

Second, secure the oars under the seat, out of the oar locks. This is the only way to ensure that they do not get knocked out of the boat in rougher weather.

And finally, the dinghy is for the use of seasonal sticker holders only. If it is determined that anyone else is using the dinghy, it will be considered theft and actions will be taken with the appropriate authorities.

Again, we see the dinghy as a way for us to support our sticker customers that run their boats outside of our business hours. Help us to continue this support by utilizing the dinghy in the proper manner and with the spirit that it is intended. Further complaints, misuse or theft will result in the removal of this courteous dinghy.

Brendan, Alex and Amy
